

Lexi-Comp ON-HAND

The Mobile Information Solution for Pharmacists, Physicians, and Nurses

Lexi-Comp® ON-HAND™ provides mobile access to continually-updated point-of-care drug information, when and where you need it! Our ON-HAND databases, written in Lexi-Comp’s clear, concise format, are compatible with Android™, BlackBerry®, iPhone®, iPod touch®, Palm OS®, Palm® Pre™, Palm Pixi™, Pocket PC, and Windows Mobile® devices. Our content is stored on the device, so access is always available!

Providing quick and easy access to the most trusted drug information available, Lexi-Comp ON-HAND allows the user to select a mobile device that best suits their needs while equipping them with the information they require to help ensure positive patient outcomes.

Features:

- Diagnose, find treatment options, and identify drug interactions in seconds
- View detailed information including charts, tables, images, and more
- Cross-database searching with quick-jump functionality
- Easy over the air updates-no synching or cards required
- Hospital-specific formulary option

Lexi-Comp ON-HAND is available to the individual user and can also be purchased as a site-wide solution for your hospital or institution.

“Best Drug reference hands down. Concise and easy to navigate. I feel naked at work without my iPhone and Lexi-COMPLETE!”

Steve Pascuzzi
Director of Pharmacy, Skyline Hospital
